PROMINENT AMERICAN BREEDERS ORGANIZE TO IMPORT ENGLISH THOROUGHBREDS.

Conference at Lexington Results in Decision to Proceed with the Formation of Nation-Wide Syndicate, with Canadian Connections, for Purpose.

Lexington, Ky., February 27.—A large number of breeders and admirers of the thoroughbred horse met here this afternoon and performed the preliminaries to the organization of an association for the purpose of importing racing blood, principally fillies and young mares from England. G. D. Wison was made chairman and Fred A. Forsythe secretary of the temporary organization, Resolutions calling for the appointment of a committee to draft by-laws and a committee to solicit pledges toward a capital stock of \$100,000 or more and setting out the purposes of the organization were adopted and adjournment was taken until Tuesday morning, May 4, at 10:30 o'clock, when it is expected that representative turfmen from all parts of the United States will be here to attend the meeting. The Kentucky Association's spring meeting will be on at that time and on that day the last of the James R. Keene estate's youngsters are to be sold. The committee on membership is G. D. Wilson, J. O. Keene, Hal Price Headley, O. H. Chenault, Charles H. Berryman, F. A. Forsythe and J. S. Barbee. The organization is to be national in scope, with connections in Canada. The horses are to be bought in England by agents of the association sent over for that purpose and are to be sold in this country by public auction.

John E. Madden today entered Iron Duke, The Finn, Bill Dudley and Charter Maid for the Kentucky Oaks. These famous stakes are to close Monday. A number of racers now in training here will be found among the eligibles when the lists are announced. Chalmers is one of them. J. S. Hawkins breezed him five-eighths in 1:06 them, J. S. # JUAREZ RACING IS RESUMED.

Track in Good Condition Despite Rain of Day Before April 4 Announced as Closing Day of Meeting.

El Paso, Tex., February 27.—Racing was resumed at Juarez this afternoon following a day's nespite on account of unfavorable weather and track ronditions. Fine weather had succeeded the dov.2npour of yesterday and the track was in good condition. The card was given over to the selling platers except for a race for maiden two-year-olds, which was won by Father Kelly. The card was so difficult that the talent was unable to pick a single wanner, every favorite being beaten. Several of the day's winners were quoted at highly remunerative odds. A high, cool wind blew all afternoon, but a big crowd visited the track.

General Manager M. J. Winn made the definite

General Manager M. J. Winn made the definite mouncement today that the Juarez meeting would ontinue until and including April 4. This will exceed the one hundred days of racing promised to atrons of the meeting by eighteen racing days. Albert J. Sweeny, of Cleveland, O., is a late arrival, and intends to remain until the close of the easen.

Albert J. Sweeny, of Cleveland, O., is a late arrival, and intends to remain until the close of the season.

Dr. C. R. Richards and several others returned from New Orleans yesterday.

The recent reducing of the five furlong record to 57½ by the flying Pan Zareta at Juazez again proved that when in its best condition the Mexican track is the fastest in America. The brilliant performance of the daughter of Abe Frank is on a par with that of Iron Mask's six furlongs in 1:09% [asts winter. Both of these races were run in recard time for an eliptical and are likely to stand for a number of years or at any rate until some horse appears at the Juarez track which possesses speed equal to that of Pan Zareta and Iron Mask. Such phenomonally fast horses only once in a while show up and when they do appear it is not always that opportunity comes with ideal track conditions to help put them in the exclusive list of record breakers. Unquestionably, when at its fastest, a really great horse could break all records at this course. It now stands far ahead of all other tracks in short distance records, as Iron Mask also ran five and a half furlongs in 1:03% over it. Two other circular track records for short distance races also stand to the credit of the Juarez course, these heing the three and a half furlong mark of 39½ made by Supremacy and Amon's half mile record of 46½, which has been equaled but never beaten.

The Juarez course calls for two turns in running either five or six furlongs the same as the mile tracks throughout the United States, One difference, however, in the course is its immense breathth which gives a horse a wide sweep on the furns and a rapid runner does not have to slow down on the turns as is the case on most tracks. It also makes the course the safest yet laid out for running races over, and since the sport was inaugurated here there has never been a fatal accident in a race. There are no excuses for crowding in races here and the stewards mete out severe ptendicties.

ishment to all jockeys who apply rough riding tactles.

The stable of the noted California turfman, A. B. Spreckels, the members of which are trained by C. W. Carroll and ridden by jockey J. Metealf, leads in winning two-year-olds during the present winter meeting at Juarez. Six winning youngsters have come from the Spreckels' barn, namely, Divan, Mena, Shaban, Sangallo, Anita and Trajan, the last named being the winner of the Yucatan Stakes. All of these performers were bred at Napa Stock farm, the breeding establishment of this turfman in the Golden State. So far at this meeting eleven horses bred at Napa Farm have won rajes, those beside the two-year-old division including Hoenir, Shai, Durin, Amity and Aswan. This good record, however, is not up to the mark scored here last year by horses bred and raised at the Spreckels' ranch, as the number of winners then yotaled 16.

### HISTORIC KENTUCKY DERBY TO CLOSE FOR ENTRIES TOMORROW

Louisville, Ky., February 27.—On Monday, March, the Kentucky Derby and the other stakes to be un during the coming spring meeting of the New ouisville Jockey Club, which will begin this year n. Saturday, May 8, and conclude on Friday, May 2, a period of twelve racing days, will close for environments.

21, a period of twelve racing tays, which tries.

As in 1914, the Kentucky Derby will this season carry an added value of \$10,000, which, with the advance money of \$25 for each three-year-old engaged and the additional \$200 starting fee, will make the gross value of this classic event not far from \$15,000. Of the \$10,000 in added money, the second horse will receive \$2,000, the third horse \$1,000 and the fourth horse will save his stake of \$225.

second horse will receive \$2,000, the third horse \$1,000 and the fourth horse will save his stake of \$225.

The Kentucky Derby is the first Kentucky three-year-old race to carry so much as \$10,000 added. Ever since M. J. Winn has been manager of the Churchill Downs track he and Charles F. Grainger, president of the New Lonisville Jockey Club, have bent every effort towards making this the leading racing organization of the American turf.

The Downs, as a result, has been the pacemaker for other tracks in recent years and many of the innovations introduced there by Messrs. Grainger and Winn have been taken up by other courses with marked success. The Kentucky Derby annually draws to Churchill Downs a crowd not duplicated on a single day on any ofther Jamerican race track. Like its prototype, the famous Epsom Derby in England, it is the only rich stake in this country the running of which may be viewed from a free field open to the public.

To see the Derby decided from the field at Churchill Downs is really in the nature of a treat. In fact, many racing patrons enjoying every privilege at the New Louisville Jockey Club course prefer to see the big race decided from the inner field. From this beautiful enclosure at the Downs it is possible to see the Derby cracks run every inch of their mile and a quarter journey. It may be here noted that there are never any walk-overs for this great race. In the history of most other big races in this country there have been times when the contest, were most one-sided in character. Not so, however, with this race, as in its history of more than forty years, there has never heen a senson that the event has failed to be productive of a sterling contest.

The Kentucky Derby is perhaps witnessed annually by as many different types of moore decontest.

than forty years, there has never heen a season that the event has failed to be productive of a sterling contest. The Kentucky Derby is perhaps witnessed annually by as many different types of people as witness the great race of similar name at Epsom Downs. It calls out aside from the real lovers of racing, many that are on amusement bent. Those who go to see the race for the first tinfe frequently become regulars and this explains why each season the attendance has increased until finally it has become necessary to greatly enlarge the quarters provided for the occupants of the grandstand and the parl-imituel betting patrons. The crowd that will see this great race run next May will break all records for the reason that there will be room for more people to witness the race with comfort than ever before. Speaking of the hold, the Kentucky Derby has taken on the patronage of the public, it is only necessary to note that this race day has become a society fete in Louisville. It is an occasion when the belies of the Falls City come out in gowns of the newest pattern which stand as the approved spring styles each season.

The event this year will likely overshadow all Kentucky Perby races of the past. There are more eligibles of quality than were ever before entered

Ceos, Hyki, Wheeler, Napa Nick, Anar, Amon, Ginili, Gylfi. Gomul and Fafner. The records will show that few horses bred by this turfman have failed to win when given a good racing chance. Mr. Spreckels now owns a good-band of stud matrons and he proposes in the near future to buy a high class sire. Trainer Carroll will give the California turfman's stable a high trial this season. He has not yet started his real cracks and the best in the barns will not be seen under colors until spring and summer. His program now is to ship the stable to Churchill Downs at the conclusion of the winter meeting here, and when the New Louisville Jockey Club meeting is over next May, go on to Belmont Park with the entire a regregation, and race all summer on the New York courses. Carroll expects Mr. and Mrs. Spreckels to nay a visit to the Juarez track before the winter meeting ends. They have promised him to make the trip and it will mark their first visit here, though every season horses owned by them have carried their colors successfully on this course.

as candidates for the big race. Many of them will for the first time meet in the rich stake, having never come together as two-year-olds last season. Some of these are regarded by their respective owners as well nigh invincible, as the winner of the forty-first running of this great race will likely be a champion.

The coming Derby will see for the first time the colors of James Butler going to the post in this race and his starter or starters will be the first bred by the late James R. Keene to start in this classic event. Price McKinney and his racing partner, James Corrigan, also have made an entry for the race this year and there are several others who have already sent in entries who are new as nominators to the rich stakes.

In all probability within the next ten days Secretary H. C. Applegate will be able to furnish the press a complete list of the Kentucky Derby eligibles and then speculation will at once begin as to the winner of the event this season.

The other events which are to be run at the Downs this spring and which close simultaneously with the Kentucky Derby Stakes, include the following:

Kentucky Oaks, for three-year-old fillies, \$2,500 added. 1-16 miles.

lowing:
Kentucky Oaks, for three-year-old fillies, \$2,500 added, 1 1-16 miles.
Frank Fehr Stakes, selling, for three-year-olds and upward, \$1,000 added, 1 mile.
Clark Handicap, for three-year-olds and upward, \$2,000 added, 1 1-16 miles.
Bashford Manor Stakes, for two-year-olds, colts and geldings, \$2,000 added, 4 1-2 furlongs.
Debutante Stakes, for two-year-old fillies, \$2,000 added, 1-2 mile.
Juvenile Stakes, selling, for two-year-olds, \$1,000 added, 5-8 mile.
All these events are established features at

added, 5-8 mile.

All these events are established features at Churchill Downs and the Kentucky Oaks and Clark Handicap are both events boasting of a history as long as that of the Kentucky Derby, having, like that great race, been first run in 1875, in which year the New Louisville Jockey Club held its first meeting. Louisville was then a village compared with the great city it is today and the Churchill Downs course has kept step by step with the growth and prosperity of the metropolis of the blue grass starte.

The seven fixtures which close for ontales Memorial and prosperity of the metropolis of the blue grass starte.

and prosperity of the metropolis of the blue grass state.

The seven fixtures which close for entries Monday will leave only five days of the meeting at the Downs the coming spring on which no stake event will be run. On these days there will be programmed among the overnight purses and handicaps a special race, which will be conditioned so as to bring a field of stake horses to the post. As a consequence every day of the spring racing season at this track will be marked with a race which will possess as much interest for regular race-goers as a stake event.

There will be no purse of less than \$600 in added money at the Downs this year and during the twelve days of racing there the overnight handicaps and feature races will range in added money from \$1,000 to \$1,200.

There will be more horses of high class at Churchill Downs this season than have ever been housed on a Kentucky track. All the races decided will be of a merit to make them worthy as a setting to the great Derby stakes. It will be a brilliant meeting from beginning to end and further establish the New Louisville Jockey Club track as one of the leaders in American racing of the present day.

bred to go any route of ground. She is extremely well developed, having more size than Round the World possessed in her two-year-old form. She also has as much dazzling speed as that great filly had in her early form and which enabled her to so long remain unbeaten at that age. Horsemen here think if she lands in Kentucky in as good condition as she is in here, it will take a better two-year-old than ever has won the Breeders' Futurity to show the way in that rich event to this slashing daughter of that old turf favorite, Harrigan.

Baltimore, Md., February 27.—One of the features to be run during the spring race meeting at Bowle will be the Hotel Belvedere Cup Handicap. The cun is worth \$500 and must be won twice by an owner to become his personal property, although not necessarily in succession. The Bowle meeting is to open spring racing in the east, beginning April 1 and running through April 14, twelve days in all. The Belvedere Cuo Handicap will be run Wedlenseday, April 7, and the distance of the race will be one mile and seventy yards, for three-year-olds and up. Entries will close for this big event Monday, April 5. It is safe to predict that the best horses in training at the track will be sent to the post. Thoroughbred owners will have two chances to carry off the cup during 1915. In addition to being contested for next spring the trophy will be put up again mext fall and at each race meeting thereafter until it is won twice by an owner.

Only the month of March remains before the thoroughbreds will race in Maryland, Meetings at Havre de Grace and Pimlico will follow that at Bowle and it will be May 19 before the curtain falls on the sport in this state. Already Maryland is taking on a racing aspect. Several owners have arrived from New Orleans, while others have visited Bowle during the week to look the plant over. The Prince George's county track is ready to receive horses. tions and whith to make the tring end it will mark their first visit here, though every season horses owned by them have carried their colors successfully on this course.

Applications are being received for club membership. Manager O'Hara announced today that the privilege of membership would be limited to the states of Maryland, Pennsylvania, Virginia, West Virginia, Delaware and the District of Columbia. It is the intention of the management to erect a handsome clubhouse within the next year and if present plans do not miscarry it will be second to none in the country.

Maryland owners are expected to carry off the honors during the Bowie meeting. Foremost among them will be Col. Ral Parr, whose thoroughbreds will be handled by the Garths. Other Marylanders who will race their strings at Bowie include J. Merryman Black, of Cockeysville, who will have Babe. Thrill, Mollie S. Thelma J. and St. Helene; William Jennings, of Mount Washington, with Colonel Ashmeade. Kittery and two two-year-oids; Frank Frisbie, of Savage, with Soldier and Pharach; Al Weston, of Salisbury, with thoroughbreds belonging to Mrs. L. A. Livingston; R. T. Wilson and several of his own; N. K. Beal of St. Indigo, with El Oro and Schaller, and Harry Rites, of Arlington, with Battery and Lazuli.

The first shipment from New York will be made tomorrow night, when E. H. (Snapper) Garrison will send the Marrone stable to Bowie. At the same time the horses belonging to W. T. Anderson will come and others will follow almost daily until well along in March.

ARKANSAS BILL IS PASSED

SENATE ADOPTS SAWYER RACING MEASURE BY VOTE OF 17 TO 16.

Amendment Made Exempting Thirty-Five Counties of the State from Its Provisions Necessitates Sending of Bill Back to Lower House for Concurrence.

Little Rock, Ark., February 27.—The Sawyer racing bill, authorizing a racing commission and legalizing pari-mutuel betting, was passed today by the senate by a vote of 17 to 16. Because the senate added an amendment exempting thirty-five counties of the state from the provisions of the bill, the measure was rushed back to the house for concurrence.

measure was rushed back to the house for concurrence.

Although of a general nature, the bill will apply virtually to only the Hot Springs track, for which reason it has been the subject of a bitter fight in the upper house.

In preparation for the consideration of the bill its friends put through an amendment to the rules under which the senate has been working, by which the majority may rule on all subjects. It is probable that the bill could have been passed Thursday afternoon when the rules were amended to facilitate its passage, and it was at one time called for, but the motion was withdrawn, those who have been pushing it not desiring to use steam roller tactics.

It is expected that if the house concurs in the senate amendment and the governor approves the bill, a spring meeting will be held at Oaklawn, Hot Springs' palatial racing plant, this spring. There has been no racing worthy the name in Arkansas since 1907, when the Amis anti-bookmaking law went into effect.

BETTING METHODS NO VIOLATION OF LAW.

Grand Jury at New Orleans Makes Final Report That Is Highly Pleasing to Racing Folks.

That Is Highly Pleasing to Racing Folks.

New Orleans, La., February 27.—In its final report, the Orleans parish grand jury finds that the recent race meeting as run at the Fair Grounds was carried on in a proper manner and that the betting was not in violation of the Locke law or any other law on the statute books. Ministers and others have tried to have the grand jury find that the betting was fillegal. Two investigations of the system at the track were made by the inquisitorial body.

Officials of the Business Men's Racing Association are naturally pleased over this report by the inquisitorial body, since many ministers of the city had characterized the individual betting as a circumvention of the Locke law. On two different occasions, at the request of District Attorney Chandler Luzenberg, the grand jury took up the matter of the race track betting and many witnesses were summoned. It is understood that members of the body visited the track to satisfy themselves that the law was not being violated. The stamp of approval of the system given by the jury will aid the association in carrying on next year's meeting. Judge Charles F. Price, who presided this winter at Juarez, arrived today en route to Nanles, Fla., where he will put in the next six weeks fishing and resting as the guest of John Hachmeister and George M. Hendrie. Mr. Price looked the picture of good health and expects to be on hand at the opening of the Kentucky racing season in better shape than ever to resume his duties of presiding official at Louisville and Latonia. He stated that it had been decided to extend the Juarez racing season until April 4, and that conditions there were improving daily. The ring managers still have a huge amount on the wrong side of the ledger. Judge Price was accompanied by Mrs. Price and Mr. and Mrs. Marshall of Montgomery, Ala. While here Judge Price was accompanied by Mrs. Price and Mr. and Mrs. Marshall of Montgomery and accounts of the banner race meeting recently held at the Fair Grounds.

The horsemen here are more anxious than in regard to the Arkanasa racing situation. 'were informed today that the senate has passed racing bill by a vote of 17 to 16, but with amendment which forces the measure back to lower house for concurrence. It is supposed the house will accept the measure in its preform and put it through. In the event of a meeting being announced soon at Hot Spriags, horses are in readiness to be shipped there special train. special train.

The Jockey Club stewards tabled Eddie Taphin's application for a jockey's license pending action by the Kentucky State Racing Commission, and L. beronde's application was similarly treated pending action by the Canadian racing associations.

Always endeavoring to give race-goers and horsemen who patronize Latonia the best possible conveniences, General Manager John Hachmeister has improvements under way that will not only add to the beauty of the course, but make a decided improvement. The office of the racing secretary is being torn down, as well as the jockey room which was in the paddock. That place will in future be utilized for the cashiers' department in connection with the mutuels.

#### EUROPEAN WAR DEVELOPMENTS.

Berlin advices are that Warsaw is now menaced by two German armies north of the Vistula. On the right bank of the river, moving eastward through Plock, the German advance guard has reached a position a few miles from Vysogrod, less than forty miles from the Polish capital. The center of von Hindenburg's right wing, in the Prasnysz region, is less than fifty miles from Warsaw and is making steady though necessarily slow progress to the south. In the last twenty-four hours there has been a luli in the fighting while both sides are massing for new battles to be fought west of Vysogrod and to the north of Warsaw. On the right bank of the Vistula the Russians are retiring on their strongly fortified bositions at Vysogrod. The town commands the crossing of the river at this point, where the Vistula and the Bzura converge. Russian victories at both ends of the long battle line, particularly in castern Galicia, around Stanislau, were claimed in Pertograd dispatches from the front. North and northeast of Warsaw the Russians are on the offensive and continue the advance begin earlier in the week. The Austrian advance on Lemberg from a noint south of Stanislau has been cheeked. through the Wyszkow pass, now threatens the Austrians' line of communication.

An allied fleet, aggregating forty warships, yesterday penetrated the Dardanelles straits as far as Hortari and within range of Fort Intepe on the Asiatic side, according to reliable information reaching Athens. Fort Intepe was destroyed. Various Turkish encampments also were bombarded. The ships are now within range of Fort Dardanos. A French squadron is cruising under the forts at the entrance to the straits, which are now entirely dismantled. An Athens correspondent, in a dispatch dated Friday, says: "The bombardment of the exterior forts of the Dardanelles has resulted in the destruction of Forts Sedd-61-Bahr, Kum Kale and Orhanic. A French cruiser penetrated the straits fourteen miles from the entrance to the Dardanelles and remained an hour, bombarding the interior forts. It departed undamaged." An official communication issued by the French minister of marine confirms the announcement of the demolition of the forts guarding the entrance to the Dardanelles and says that mine dragging operations now are proceeding in the straits. It is reported that a Russian fleet is attempting to enter the Bosphorus from the east.

All indications point to a refusal of Great Britain.

All indications point to a refusal of Great Britain to accept the proposal of the United States and permit foodstuffs to reach the civilian inhabitants of Germany provided the kaiser will lift the "submarine blockade" of British ports. It is now believed that Britain intends to make all foodstuffs for Germany absolute contraband, thus cutting off the movement of ships to German ports and making export trade by sea impossible. The belief seems to be general that cotton will become absolute contraband. In this action Britain will be supported by its allies and the blockade will be extended to Austria and Turkey as well as Germany. British officials say France, Russia, Serbia and Belgium have expressed themselves in full accord with this program.

The continued progress which the French are said to be making in the Champagne district, and the pressure which the allies are declared to be brigging to bear on the German line to the west have, according to news received from Holland, induced the Germans to make another effort in the west before the allied forces reach their maximum strength. By day and by night big motor cars loaded with German soldiers are hurrying through Belgium to the west-cern front, and the troops which have been sent to northern Belgium are going back to the trenches.

reporting the killing of a prominent Turkish general in Syria. His death was ordered from Constantino-le, it is said, the charge being made that he committed treason in endeavoring to carry out negotiations for peace with the allies of the triple entente. The basis of the general's negotiations, it is stated, was the proclaiming of himself as sultan, the limiting of Turkey to Asia, and the abandoning of Palestine and Mesopotamia to England.

Wreckage picked up near Christiansand appears to indicate a disaster to the German submarine U-9. The German submarine U-9 has played an important part in the naval activities of the war. It sank the British cruisers Hogue, Aboukir and Cressy in the North sea on September 23 and eluded pursuit. On October 25 it sank the British cruiser Hawk.

#### GENERAL NEWS NOTES OF THE DAY.

Application for a receiver for the Western-Pacific Railway will be made after the railway has defaulted the interest on its first mortgage bonds, due March 1, according to an announcement made after a meeting of the board of directors of the Denver & Rio Grande Railroad company, which controls the Western Pacific. The proceedings will be of a friendly nature. This method, it was said, has been decided upon as the best course to pursue in adjusting the company's financial difficulties and its relations with the Denver & Rio Grande.

The attendance at the Panama-Pacific International exposition at San Francisco for its first week was officially announced as 619,000, a daily average of S8,428. According to the official statement the attendance at the Chicago exposition for the same period was 257,636 and at 8t. Louis 325,144.

The striking Liverpool dock workers returned to work yesterday. A telegram of appreciation was received by their leaders from Earl Kitchener, secretary of war.

President Wilson practically has decided not to call a special session of the senate to consider the Columbian and Nicaraguan treaties. Opposition of republican senators makes it improbable that action on the treaties can be taken at the present session. The president expects, however, that at least some of his nominees for the federal trade commission will be confirmed before March 4. Any not confirmed are expected to get recess appointments.

The Japanese premier, Count Okuma, said yesterday that in presenting its demand to the Chinese government Japan had no intention of trespassing upon the rights of China or interfering with the open door policy.
